LAND VALUES

Pasture land prices in the region are 15% higher than the average as land values continued to rise last quarter.

In the past year, land values have risen 6%, outperforming the FTSE 100, UK house prices and interest from savings in the bank.

These increases are also outpacing inflation as land continues to be seen as a tangible safe-haven for investment. Investors are also competing with a wide variety of lifestyle and environmentally-motivated buyers as demand once again outstrips supply.

This imbalance between supply and demand doesn't look to change and will continue to drive up land values.

RECREATION

Less than 20 minutes from Gatwick Airport and an hour from both London and the South Coast, the land is perfectly situated for a wide range of things to do – both regionally and internationally.

You don't have to travel far from the land though to find things to do. As well as the aforementioned Lingfield Park, the British Wildlife Centre is close by. Home to over 40 different native species, it is the best place to see the UK's own wonderful wildlife.

For the golfing enthusiast, Horne Park, Copthorne & Chartham Park golf courses are all nearby.

PROPERTY PRICES

The land is situated within an extremely affluent area. Property prices in the area are 42% above the county average and **174% above the national average** (Source: Zoopla).

These premium house prices reflect the desirability of the area as a place to live and own property – including land.
