In contrast, Tring to the east is a small market town with a wealth of independently run shops, cafes, bars and restaurants that give the area a unique character and charm.

## LAND VALUES

Despite the Brexit-related uncertainties, the farmland market has proven more resilient than many might have predicted as **land prices in the region increased by up to 4% last year.**

Robust demand and limited supply help to explain why the land market remains relatively steady. Supply of farmland saw a year-on-year decline of 48% (*Carter Jonas*).

Investors have played an increasing role in the farmland market with over 1-in-5 new buyers citing investment as the key reason for buying last year (*Savills*). Land continues to be an appealing and tangible asset that remains in considerable demand for capital investment.

Uniquely there are **no overage payments on this land** – rare in today's land market.

## METHOD OF SALE

The land is offered for sale by private treaty. The freehold is available with vacant possession on completion.
