Furthermore, Dunstable Downs and Whipsnade Zoo – the UK's largest – are close by, as is the excellent Stockwood Park & Discovery Centre.

LAND VALUES

Land values in the region rose by 6% last year, higher than the national average, despite numerous challenges in the local market & global economy. This once again shows the inherent resilience of agricultural land as a tangible asset.

With a wide range of potential uses, agricultural land remains an attractive investment for a diverse range of buyers.

This is supported by the fact that, **in the past 5 years, land values have risen by 31%**, outperforming the FTSE 100, UK property prices and interest from savings in the bank.

These rises are driven by historically low levels of land availability, as demand continues to outstrip supply.

Gated access set-back from the road.

ACCESS

The land enjoys road frontage onto Friendless Lane. Gated access, which is set-back from the road, provides safe & secure access and can be found in the southern corner of the land.

If purchased in lots, full vehicular right of way will be provided via an easement from this gate. Please call 01727 701303 if you require any further information.
