NO OVERAGE

There is **no overage or clawback** on this land – rare in today's land market.

LOCAL DEVELOPMENT

Numerous parcels of land within the local area have been granted permission for agricultural or equestrian development, such as barns or stables.

Furthermore, South Staffordshire Council's Site Allocations Document (SAD) produced in 2018, which forms their Local Plan, has allocated 14 sites within the Green Belt for housing development – the closest being just 3 miles from the land for sale.

Several of these sites have already received planning permission and have been developed including; land off Hyde Lane, Kinver and land north of Beggars Bush Lane in Womborne.

LAND VALUES

Land values continued to rise last year and even managed to outpace inflation, according to the Knight Frank Farmland Index. Furthermore, the average price of land in this area is 20% higher than the average.

Following a 3% increase last quarter, farmland outperformed other asset classes such as gold, equities & residential property in the past 12 months.

This strong growth was driven by a continued lack of supply and strong demand from a wide range of buyers, particularly from those looking for natural investment capital to become self-sufficient or for environmental purposes.

With these trends looking to continue, the farmland market is set to remain strong.

METHOD OF SALE

The land is offered for sale by private treaty as a whole or in lots. The freehold is available with vacant possession on completion.
